.who i am

I'm a young web designer and programmer. I've been improving my knowledge in the world of programming for the last 8 years. I love and I want to work. I'm devoted 100% to any project.

Client's satisfaction comes first! I work currently as a freelancer designer and programmer in Serbia and all over Europe. I'm 18 years old and I go to "Milenko Brzak Uča" vocational school.
